

Too many people flunk retirement--even after a lifetime of hard work. Why? Because they only plan on their financial needs, not their emotional ones as they move into the next phase of life. The key to a successful retirement lies in your personality, NOT in your bank account. My Next Phase--featured in The New York Times, BusinessWeek, and The Washington Post--offers a revolutionary, step-by-step process to figure out your personal Retirement Style and creates a unique retirement plan based on who you are. Take the My Next Phase quizzes and find out: WHATS YOUR SOCIAL STYLE? If youre outgoing, youll need companionship through your days, whether you leave your job or keep working. If youre contemplative, youll need solitude as well as social connection to find the fulfillment in the years ahead. WHATS YOUR STRESS STYLE? If youre resilient, youll push yourself to find challenge--and get bored without it. If youre responsive, youll need to pace yourself. Either way, youll need a passion that gives you a reason to get out of bed each day. WHATS YOUR PLANNING STYLE? If youre structured, youll prefer to schedule your time. If youre flexible, youll want a freer, less scheduled life. And many more questions (and answers) to ensure a happy, fulfilling next phase of life.
